

BRUNO DILLEMANS

Personal details

Date of birth: Januari 27th 1961
Place of birth: Leuven
Nationality: Belg
Address: Krakkestraat 8
8200 BRUGGE
Telephone: +32 50 45 25 60 (secre)
E-mail: bruno.dillemans@azsintjan.be
Website: www.dillemans.be
Marital status: Married to Kathleen Sintobin
Three daughters: Julie, Charlotte and Laura

Education

Since Sept 2011 Chief of staff of the Department of General, Vascular and Pediatric Surgery
AZ Sint-Jan Hospital Brugge – Oostende AV
Campus Brugge

Since May 1994 Staff member of the Department of General, Vascular and Pediatric Surgery
AZ Sint-Jan Hospital Brugge – Oostende AV
Campus Brugge
Head of the department :Dr. L. Proot

1992 – 1994 Department of General Surgery
Academic Hospital Groningen, the Netherlands
Head of the department : Prof. Dr. R. Van Schilfgaarde

1990 – 1992 Department of General Surgery
University Hospital Leuven
Responsible teaching surgeon : Prof. Dr. J. Gruwez

1986 – 1990 Department of General Surgery
Heilig Hart Hospital Roeselare
Responsible teaching surgeon : Dr. D. Noyez

1979 – 1986 Medical school: Catholic University of Leuven
Degree of Medical Doctor (Magna cum Laude)

1972 – 1979 High school at St. Pieterscollege Leuven

Other Medical Activities

Founder 'BARIAlink' 2016
BARIAlink Academy – virtual classroom – BARIAlink Library
www.barialink.com

Congress director (2013 – 2018)
B.E.S.T. Congress Bruges

President of the BeSOMS (2010- 2012)
Belgian Section of Obesity and Metabolic Surgery

Academic Consultant University of Gent , 2010 – 2019

President of the Advisory Board of 'AZ Nieuws Magazine', Brugge

President of the Commission of External Public Relations
AZ Sint-Jan Hospital Brugge – Oostende AV

Associate Editor of the Video Journal of Endoscopic Surgery and Interventional Techniques

Vice-president of the Medical Council
AZ Sint-Jan Hospital Brugge – Oostende AV Campus Brugge
(1996 – 1999) and (2005 – 2008)

President of the Medical Council
AZ Sint-Jan Hospital Brugge – Oostende AV Campus Brugge
(1999 – 2002) and (2002 – 2005)

Memberships

International Member of the ASMBS
(American Society for Metabolic & Bariatric Surgery)

Member of the IFSO
(International Federation for Surgery of Obesity and Metabolic Disorders)

General Secretary of the SOSB (2008-2010)
(Belgian Section for Obesity Surgery)

Board Member of the RBSS
(Royal Belgian Society for Surgery)

Board Member of the BSUGI
(Belgian Section of Upper Gastro-Intestinal Surgery)

Board Member of the BGES
(Belgian Group of Endoscopic Surgeons)

Founding Member of the BSAWS
(Belgian Section for Abdominal Wall Surgery)

Mei 2015

10.000^{STE} GASTRIC BYPASS OPERATIE UITGEVOERD

Het centrum voor obesitaschirurgie heeft een
haast ongeëvenaarde ervaring met het uitvoeren
van laparoscopische maagverkleiningen (gastric
bypass en sleeve gastrectomie) en mag
bovendien dankzij de zeer specifieke aanpak
ook praten op een uitermate klein risico op
postoperatieve complicaties.

Obesitas is tegenwoordig één van de snelst
groeiende bedreigingen voor de gezondheid en het
welzijn van onze maatschappij. Meer dan 40% van
de Belgen lijdt vandaag aan overgewicht en één
op zes is zwaarlijvig. Hoewel bijna 13.000 mensen
per jaar onder het mes gaan in België, is de
grote meerderheid van de zwaarlijvigen zich niet
altijd bewust van de gevolgen die obesitas met
zich meebrengt en van de mogelijke bestaande
behandelingen.

BYPASS: EEN MINIMAAL-INVASIEVE INGREEP MET BEWEZEN EFFECTIVITEIT

De verdere uitdaging van de multidisciplinaire
samenwerking met psychologen, diëtisten en
endocrinologen, heeft in de loop der jaren geleid
tot een accentverschuiving in de indicatiebepaling.
Vandaag is obesitaschirurgie niet enkel een manier
om gewicht te verliezen maar wordt deze ook
ingeret om de metabolische situatie te verbeteren
van patiënten die aan diabetes, slaapapneu of
andere obesitas-gerelateerde aandoeningen lijden.

*"Het Centrum voor
Obesitaschirurgie
groeide in 20 jaar
uit tot internationaal
expertisecentrum."*

De gastric bypass zelf heeft een drieledig
werkingsmechanisme. Ten eerste wordt de maag
van de patiënt verkleind, met de bedoeling dat
de patiënt effectief minder kan eten. Ten tweede
wordt een stuk dunne darm omgelegd zodat de
patiënt minder suikers en vetten opneemt. Ten
laatste vermindert de hormoonaanmaak die de
eetlust stimuleert. Een jaar na de ingreep loopt het
gewichtsvlies op tot gemiddeld 30 tot 35% van
het oorspronkelijke gewicht.

EEN WERELDWIJD ERKENDE EXPERTISE

In de loop der jaren werd, samen met het team
van anesthesiologie onder leiding van dr. Jan
Mulier, de chirurgische ingreep steeds meer
gestandaardiseerd en geperfectioneerd. De gastric
bypass operatie duurt tegenwoordig slechts 40 tot
45 minuten en patiënten kunnen na amper twee
nachten alweer naar huis.

De kans op complicaties, en dan in het bijzonder
de kans op een lek bij de verbinding tussen de
maag en de dunne darm, is bijna onbestaand
geworden. Statistische analyse over vijf
consecutieve cohorten van telkens 2000 patiënten

toont een significante vermindering van het totale
aantal complicaties, het aantal postoperatieve
bloedingen en het aantal ingrepen voor bloedingen
over het verloop van de jaren.

Elk jaar komen chirurgen uit de hele wereld
een opleiding volgen in het Centrum voor
Obesitaschirurgie om er de procedure onder
de knie te krijgen. Zo zijn er al meer dan 750
buitenlandse chirurgen op bezoek gekomen. Ook
een aanzienlijk deel van de patiënten (1 op 3)
komt vanuit het buitenland om een beroep te doen
op de Brugse expertise.

¹ Het spreiden van overgewicht bij een BMI hoger dan 25 kg/m²
en van obesitas bij een BMI hoger dan 30 kg/m². Voor kinderen
geldt andere grenswaarde.

ABSTRACT

Aims: To achieve additional weight loss or to resolve band-related problems, a laparoscopic adjustable gastric banding (LAGB) can be converted to a laparoscopic Roux-en-Y gastric bypass (RYGB). There is limited data on the feasibility and safety of routinely performing a single-step conversion. We assessed the efficacy of this revisional approach in a large cohort of patients operated in a high-volume bariatric institution.

Methods: Between October 2004 and December 2015, a total of 885 patients who underwent LAGB removal with RYGB were identified from a prospectively collected database. In all cases, a single-stage conversion procedure was planned. The feasibility of this approach and peri-operative outcomes of these patients were evaluated and analyzed.

Results: A single-step approach was successfully achieved in 738 (83.4%) of the 885 patients. During the study period, there was a significant increase in performing the conversion from LAGB to RYGB single-staged. No mortality or anastomotic leakage was observed in both groups. Only 45 patients (5.1%) had a 30-d complication: most commonly hemorrhage ($N=20/45$), with no significant difference between the groups.

Conclusion: Converting a LAGB to RYGB can be performed with a very low morbidity and zero-mortality in a high-volume revisional bariatric center. With increasing experience and full standardization of the conversion, the vast majority of operations can be performed as a single-stage procedure. Only a migrated band remains a formal contraindication for a one-step approach.

Club Coelio: L'innovation dans tous ses états en chirurgie bariatrique, Biarritz, France,
March 10 – 12

'Procédures avancées en live différé'

Video Presentation

B. Dillemans

Club Coelio: L'innovation dans tous ses états en chirurgie bariatrique, Biarritz, France,
March 10 – 12

'23th Laparoscopic Course'

B. Dillemans

Revisional surgery: the real problem of the future of bariatric surgery: incidence,
indications and techniques, Sevilla, Spain, February 3 - 5

Sevilla

<http://cursolaparoscopia2016.atlantacongress.org/informacion-general/>

2015

'Gastric Bypass: key steps'

B. Dillemans

IRCAD Advanced Course Laparoscopic and Endoluminal Bariatric and Metabolic Surgery, Strasbourg, France, December 3 – 5

'Algorithms after failed gastric bypass'

B. Dillemans

IRCAD Advanced Course Laparoscopic and Endoluminal Bariatric and Metabolic Surgery, Strasbourg, France, December 3 – 5

'Live Webinair: Gastrojejunal anastomosis in RNY Gastric Bypass'

B. Dillemans

IRCAD Advanced Course Laparoscopic and Endoluminal Bariatric and Metabolic Surgery, Strasbourg, France, December 3 – 5

'Gastric Bypass Failures: remodeling the pouch... banding, resizing'

B. Dillemans

12th International B.E.S.T. Congress, Madrid, Spain, November 30th

'Revisional Bariatric Surgery'

B. Dillemans

NEBSS, Darlington, England, November 6th

'Round table discussion: metabolic surgical procedures'

B. Dillemans

4th National & 1st Mediterranean Congress on Surgery for Morbid Obesity and Metabolic Disorders, Antalya, Turkey, October 1-4

'Revision After Failed Gastric Banding'

Video presentation

B. Dillemans

4th National & 1st Mediterranean Congress on Surgery for Morbid Obesity and Metabolic Disorders, Antalya, Turkey, October 1-4

'Banded vs. Non Banded Procedures'

Moderator

B. Dillemans

Bariatric Solutions Symposium

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Laparoscopic interposition of jejunum as surgical salvage in undoing a R&Y Gastric Bypass'

Video presentation

B. Dillemans, I. Debergh

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Bariatric Surgery for men: the specificities and complications'

Oral presentation

Covidien Evening Symposium

B. Dillemans

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Single-Step Conversion of Gastric Banding to Lap Roux-en-Y Gastric Bypass is safe and favorable to the patient'

Oral presentation

B. Dillemans, S. Flahou, I. Debergh, B. Defoort

20th World Congress IFSO Vienna, Austria, August 26 – 29

'Revisional bariatric surgery: a management algorithm for patients after failed gastric bypass'

Oral presentation

I. Debergh, B. Dillemans, S. Flahou, I. Debergh, B. Defoort

20th World Congress IFSO Vienna, Austria, August 26 – 29

'Leaving the band in place in conversion from gastric band to Roux-en-Y'

Poster

S. Flahou, J. Horevoets, H. Reusens, B. Dillemans

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Comparison between lengthening of the alimentary versus the biliopancreatic limb for failed R&Y Gastric bypass'

Poster

S. Flahou, J. Horevoets, H. Reusens, B. Dillemans

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Surgical treatment of gastrogastic fistula after gastric bypass'

Poster

S. Flahou, J. Horevoets, H. Reusens, B. Dillemans

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Laparoscopic lengthening of the common limb after scopinaro biliopancreatic diversion'

Poster

S. Flahou, J. Horevoets, H. Reusens, B. Dillemans

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Feasibility, short term safety and impact on comorbidity and weight in 250 cases'

Poster and short oral communication

B. Deylgat, S. Van Cauwenberge, B. Dillemans

20th World Congress IFSO Vienna, Austria, August 26 - 29

'Convertir l'anneau gastrique en dérivation gastrique en Roux-en-Y par laparoscopie en une seule étape est faisable et sécuritaire: une étude monocentrique de 784 patients'

S. Flahou, B. Dillemans

SO.FF.CO, Congrès Annuel de la société Française et Francophone de chirurgie et de l'obésité et des maladies métaboliques, Lyon, May 28-30

‘Suivi et résultats à court et long terme après une dérivation gastrique en Roux-en-Y chez 47 adolescents’

S. Flahou, B. Dillemans

SO.FF.CO, Congrès Annuel de la société Française et Francophone de chirurgie et de l’obésité et des maladies métaboliques, Lyon, May 28-30

‘Fistule gastro-gastrique après une dérivation gastrique: l’expérience d’un centre bariatrique à haut débit’

J. Horevoets, B. Dillemans

SO.FF.CO, Congrès Annuel de la société Française et Francophone de chirurgie et de l’obésité et des maladies métaboliques, Lyon, May 28-30

‘Défaire le bypass gastrique utilisant une interposition jéjunale.’

J. Horevoets, B. Dillemans

SO.FF.CO, Congrès Annuel de la société Française et Francophone de chirurgie et de l’obésité et des maladies métaboliques, Lyon, May 28-30

‘Is volume important in bariatric surgery?’

Oral presentation

B. Dillemans

Volume-outcome symposium

16th Belgian Surgical Week, Gent Belgium, May 7-9

‘Treatment algorithm for a failed RNY Gastric Bypass’

Oral presentation

B. Dillemans

Bariatric Surgery Master Class, CCI Istanbul, Turkey, February 24-25

‘From Band to RNY Gastric Bypass or Sleeve: one stage? Two stages?’

Oral presentation

B. Dillemans

Bariatric Surgery Master Class, CCI Istanbul, Turkey, February 24-25

‘Impact of full standardization and stapling on the outcome in RNY Gastric Bypass’

Oral presentation

B. Dillemans

Bariatric Surgery Master Class, CCI Istanbul, Turkey, February 24-25

‘Sleeve Gastrectomy - How to do it’

Video presentation

B. Dillemans

Bariatric Surgery Master Class, CCI Istanbul, Turkey, February 24-25

‘Ambulatory Bariatric Surgery’

Oral presentation

B. Dillemans

First Pan Arab Middle East Conference for ERAS, Dubai, February 20-21

‘Failed LAGB: Step Approach for Conversion – Single or Two Step Approach? Technique and Outcomes’

Oral presentation

B. Dillemans

14th Annual Surgery of the Foregut

2nd Annual International Congress of Fluorescent Guided Imaging Surgery, Cleveland, February 14-18
